Sun protection assessment

Following your request of sun protection assessment, please find here below our test results according to our testing procedures : **Heliotest N°4** (Water resistance).

Customer References	Références Hélioscience	SPF Before bath	SPF After bath	Water Resistance
Athena's Treasuves nose coat SPF30	29Cos01-0415	47,7	38,2	80%
Temoin PMMA	19T0115	25,7	25,7	NC

Comments : The Product is water resistant, because the SPF is higher than 50% at the initial SPF after the bath.
